### **“Project Management” Seminar participants**

As an example the project carrying out between the Finance Ministry of France and IBM company was analyzed. Meanwhile the project carried out in “Converse” Bank was presented by its representative. The weak and the strong points of the project was analyzed.

Mr. Sasun Sauge also briefly read a lecture by the themes “General Management” and “Sociology”. At the end he expressed his willingness to illustrate all the questions through electronic correspondence which may arise during the working period. Overall the seminar was very useful and surely the lessons and knowledge learned will be put into practice in the activities of ARM ECLOF and ECLOF UCO.
